DIRECTOR’S REPORT
PHILIP READ MEMORIAL LIBRARY
December 2012
Activities and Statistics for November 2012

1. Programming: Henry Homeyer read from his new junior book. Illustrator Josh Younger was also present and read from his new book. November was quieter, after a very busy October. Upcoming: Story Time and Photos with Santa; author reading with Sarah Taylor; Mother Goose story hour; 2 movies.

2. Bequest: I am pleased to announce that the Friends of the Library have received a bequest of $1,000 from Bea Clark, designated to the Building Fund.

3. Automation: Our volunteers are moving really fast on this project, averaging 20-25 books an hour. There is a new volunteer who will come in for training after Christmas. The mystery section is finished. The remaining supplies needed (card sleeves and patron barcodes) just arrived. I will be having a staff meeting/training session shortly and begin handing out the new cards.

4. I have been notified that the Tasker Bridge Fund is awarding the library a grant of $600. The check will not come until January.

5. Maintenance: I am having ongoing discussions with Joanna Sharf about replacing the fixture top of the pole lamp on the front walk and adding another pole light to provide additional lighting in the front. I have also had another electrician look at it, but haven’t received a quote yet. Joanna did drill some drain holes in the fixture and this may solve the water problem there.

   The annual elevator and fire alarm tests have been completed. Bills will be coming and we may have to encumber for them as we did last year, as they sometimes don’t come until January.

   I have the quote from David Grobe for the new outside work he identified.

6. Firemen’s visit: I had invited both the Plainfield and Meriden Fire Departments to come for an orientation/instructional visit as they have so many new members. Thirteen firemen attended. We had a really good tour/visit with lots of questions. I showed them, among other things, how to shut off the alarms, how to rescue someone from the elevator, as well as a complete tour.

7. Pictures from Ruth Hendrick: Alice’s daughter has sent us a new larger copy (on canvas) of the photo collage of Alice which we have kept in the children’s room. She also sent a signed print of a Bev Doolittle painting for the Friends to sell.

November Statistics Attached
Closed November 12—Veteran’s Day
Closed November 22---Thanksgiving Day

Programs
We held a children’s after school craft program on Thursday, November 17. This was the first time that we held an afternoon program and felt that it was successful with 4 Adults and 18 Children attending.

Meetings
On November 14 and 17 I trained at the Howe Library circulation desk to learn the circulation functions of Evergreen. I also met with Pam Smith on November 28 to do a last review of our catalog and loan details before the go-live date of December 6.

I attended the Librarians of the Upper Valley Coop’s annual meeting on November 17. This meeting is the business meeting for the group so there was no program. There was an interesting discussion of the possibility of an “Upper Valley” library card that would give patrons borrowing privileges at libraries throughout the Upper Valley. It was decided that the discussion would be continued at a future meeting.

I attended the first meeting of the Meriden Library ADA Study Group on Thursday, November 29. I will continue to attend the meetings as scheduling allows.

Automation
Work continues to catalog all of our holdings. I think that the current rate of adding items will continue until we have all of our materials added.
I have configured our current desk space to allow for the equipment we will need for automation; a bar code scanner and a receipt printer.
*** Items added and patrons added report to come.

Building
Gatekeeper Lock and Safe came to the library on Thursday, November 15 to replace the passage locks on two doors and to re-key deadbolts. The locks that they brought would not work in the doors so the work has not been completed. Both exterior doors are 2 ¼” thick and it is difficult to find locks that will work in them. They are currently working with suppliers to find a lock that will fit.

          1. Discussion on needs for additional equipment needed for automation; how many computers, stands and other items. Possibilities on donated computers, the need for monitors to go with existing towers. We should purchase a computer before the end of the year; Mark to see how much is left. We should encumber $500.00 for next year towards this goal.

   d. Discussion on fuel consumption, electric and other normal operating costs. New contracts with Irving for oil for both libraries. New heat pump at ML should show savings.

   e. Discussion on wish lists, new copier vs. repair, basement furniture, new admin hours for both libraries

A. Call to order & Roll Call; 7:10pm
   1. Agenda approved
   2. October 1, 2012 minutes approved, no changes from Nancy N.
B. Correspondence – None
C. No Public Comments
D. No Non-public meeting announcement
E. Finance Report
   a. Mark sent out most current data, including payroll info from Michelle at Town offices.
   b. Any outstanding bills for construction have been paid. Nothing outstanding, need to clean up towards end of year for budget discussions. Need to spend public monies first. Nancy mentioned recorded Grant money. Mark & Nancy N. discussed adding in new matching areas for Grants – in & out. versus Programming lines. We need to make sure that we have construction lines in and out as well. Nancy N. wanted to make sure that the encyclopedia is in correct line. Nancy N. suggested meeting with Mark to adjust line item titles to make sure that no overspending might occur because of wrong delineation of cost. i.e. Flag applied to supplies. No problem with reallocating budget lines. Question on whether we are doing ok on oil, Hillary will contact Irving to find out about $150 rebate on signing up for each library. Both libraries on automatic delivery with Irving. MOTION: Kara moves to accept Treasurer’s report, Anita seconded. The vote was unanimous and carried.

F. Director’s Report
   1. Attendance was recorded on the Statistic sheet, Anita asked to have attendance for each program recorded on main report.
   2. Facebook – Teagan Atwater has setup the Facebook account for PRML – Discussion on who should administrate the page, Kara will assist Nancy N. on updating Facebook page. The new website looks great. Kara still found links that are in error on the Town website on Monday. Hillary to suggest to Mike S. about Diane/Suellen on Town website still.
3. Automation – Volunteers getting faster. More hours also being put in. Anita asked if it is possible to have experienced volunteer automation book imputers to track how many books per hour. Nancy N. said it was possible, but it would be an average, many things pending. Rough average would be fine.

Hillary asked if Nancy N. comfortable with progress on automation; Nancy N. said volunteers have to be scheduled, only 2 computers are tasked to the program at the moment. Question on downloading onto more computers was discussed previously. Mark asked if we want to purchase a new computer. Discussion on computer needs – i.e. catalog computer, dumb computers, and where to put station. Need for a moveable cart. Mark suggests a need for a meeting on computer needs and what to budget for next year. Nancy N. asked if we have spent all the Tasker Covered Bridge Funds that was to be used specifically for automation. Mark will look into it and get back to the BOT. He also mentioned that he had purchased a printer for ML for the automation, and that we need to remember to put that in the budget for next year for PRML.

Dennis; How much room does the software require? What about donating old computers? Mark said all that the computer has to do is “browse”. Nancy & Mark to speak with Des Hudson so that we have some standards on computers. Kara mentioned that we should have a technology plan to go forward. Hillary asked if we can go ahead and schedule a day, Anita suggested that we go ahead and get the cart.

Kara asked about new books coming in, are they being automated, because of the impact on Meriden. Nancy reiterated that there is no time to do this when library is open, too busy, and doesn’t feel that that it would impact ML because the patrons can see what both libraries have. Hillary brought up the discussion from Monday night’s meeting, on Mary’s concerns for when ML goes Live, that when the system goes live that what will be seen is all the New books that she has put in and that the demand will be overwhelming. Nancy N. suggested that one of the PRML volunteers could do new books instead of the sections that they are currently working on. All agreed that this would be good. Mark asked how many books in New Book section? Maybe 50 – 100 books. More discussion about difficulty in finding books in Howe library system. Nancy N. has inquiry into Mary White at Howe about this. Meriden Library going live in December, Nancy N. feels that there is plenty of time to get those New Books imputed by then. Hillary asked what days Nancy N. usually came in for administrative time. Hillary to look into scheduling a volunteer kick start after hour’s day at the library.

MOTION: Anita moved to approve and Mark seconded. The vote was unanimous and carried.

G. Facilities Report

1. Issues on Fire Alarm. The alarm was not included in the egress phase. We have a Fire Alarm expert. The original blueprints didn’t have the fire egress, therefore no alarm, so now we need one for new egress. Nancy has called for a new Building Committee to discuss this and possible future items. Anita said that it will be less than $2,000. Mark also pointed out that we need to list other budget items for the basement.

November 15, 2012; 6:45pm Trustee Budget Meeting for both libraries confirmed.
F. Budget 2013 preliminary discussion

1. Professional Activities – Nancy N. concerned about big conferences every other year; some years are good, some not.
2. Computers (1) circulation desk, (1) Dumb, catalog and what is needed for automation, chit printer, podium style table. Plastic envelopes to come out of supplies. “Go Live” fee. Mark’s understanding is that it is prorated to coincide with Howe’s schedule. Nancy will look up amount of these fees.
3. Downloadable books fee is also going up next year – shared with ML. Software license fees, and Movie license fee ($100) staying the same.
4. Maintenance – Nancy N. would like another lamp post on walkway. – Nancy to speak with Johanna for estimate on this as well as fixing other light at front. Nancy is also trying to communicate with the Energy Audit person as to Old lights in Parrish room, they need replacing. Nancy N. will attempt this coming week to contact person from PSNH to quote on Interior lights. She also has Grant info on upgrade of lights.
5. Outdoor Bench for wireless people. Nancy N. has priced out several varieties, so far anywhere $300 - $500. and were very flimsy and could be picked up and walked away with. Anita asked if these numbers included setup for the bench.
6. Nancy N. has asked for a quote for air conditioning for PRML, still waiting.
7. Generator for use as a shelter – Rob Taylor’s original idea.
8. Need more hours to be open and more Admin. Hours. Anita asked what Nancy N. was looking for. Nancy N. mentioned that we could open Thursday, for 6 – 8 hrs. Nancy N. to provide breakdown of hours for Nov. 15 meeting. Has anyone spoken with the Town Offices as to raises? Mark said he had not yet. Mark has structured the spreadsheet so that pending on how much a raise would be, it would automatically flow through the numbers.
9. Nancy will set-up AV equipment for Thursday, Nov. 15 meeting.
10. Mark feels that most of these items are doable, however, big items such as Air Conditioning and generator might fall under private donations, might be a stretch to ask Townspeople to fund those.
11. To ask Johanna to give an estimate on generator, discussion on Adirondack chairs instead of bench. Anita will pursue where Dartmouth gets their benches. Nancy N. will ask Mark Overman about benches.
12. Does anyone want to have a discussion with the Town about generators? Kara said she would speak to Steve.
13. Dennis mentioned that we might want to check into schedule of these fluorescent tubes being outdated. Still a box of tubes downstairs.
14. Hillary wanted to make sure that we have an article in PlainFacts stating our position about the Meriden Library monies, what we have discovered up to this point, and the disposition of those monies, to be more transparent to the Town. Not everyone reads the Minutes that are posted. Discussion on the dedication of a circulation desk using those monies. This would be a recommendation to the Town. Request to Nancy for a reminder on Deadline for PlainFacts. Dennis asked if we were planning on writing a warrant article, yes, that was the idea after
communicating with the Town. Mark thought that meeting with Paul Franklin to find out
procedure would be a good place to start. The next item to be done is to restate the last 2 – 3
years of financial accounts. Terry Knowles had said that we should do this, but not how. So
hoping that Paul Franklin can guide us in this.
Hillary to provide Nancy L with bullet points for PlainFacts.

Next Regular Meeting Date:  December 10, 2012; Philip Read Memorial Library; 7:15pm

1. Programming: October was extremely busy. Programs held: VINS program with live birds, Poe mystery theater, felting classes, Civil Air Patrol program, regular book discussion and Saturday card games. Upcoming: Henry Homeyer will read from his new junior book.

2. Web Page: Mike Sutherland has launched the new web page. We are still working together to add more information. Facebook: Teagan Atwater has set up a Facebook page for us.

3. Automation: Evergreen has upgraded the program. This has caused some issues (with both libraries). We weren’t able to completely add information on each item. Therefore, we suspended work until the issues were solved. Per an e-mail just received this weekend, we should be able to add the info now, although the issues aren’t completely fixed.

4. NH State System: The state library computer system was been down for over a week now—mostly due to the state government network problems (before the hurricane). We are having to do interlibrary loans through e-mail. This has also impacted catalog searching.

5. Maintenance: The slate roof expert has finished his annual inspection of town buildings and found no issues with the library roof. Emily’s Electric has replaced the outside outlet that was not working and done some temporary work on the front pole light. I am having ongoing discussions with her about replacing the fixture and adding another pole light to provide additional lighting in the front.

Approved Minutes

Attending: Anita Brown, Kara Toms, Mark Pensgen, Hillary Sundell, Nancy Liston, Mary King (ML Director)

Members of the Public: Rod Wendt

A. Call to order & Roll Call; 7:20pm
   1. Approval of changed Agenda.
      2. Minutes of October 1, 2012 meeting were approved with changes - C. change to lower case T in timing and M in money, G. change Nancy N. to Anita for finding out about Lawyer’s fee. MOTION: to approve as amended by Kara and seconded by Anita. Mark abstained due to absence on October 1 meeting. The vote was unanimous and carried.

B. Correspondence
   1. Letter from Selectboard received to be read later in meeting, Mary mentioned notice in e-mail from Steve Halleran about ADA committee.

C. Public Comment
   1. Rod Wendt said he was here to speak on ADA committee. MOTION: to rearrange agenda to assist guest Rod Wendt. Move agenda up item 3.c. ADA Compliance Study Committee. Hillary moved and Kara seconded, The vote was unanimous and carried.
   2. Copy of letter from Selectboard read by Anita. One resident declined being on the ADA Committee, so at this point we have name members; Ron Bailey, Bob Kline, Susan Gaty as possible members. Discussion on need for Ex Officio to be named. Nancy L. offered to undertake that responsibility. Rod Wendt took the floor and spoke of how he foresaw the forward path of the named committee;
      • Law requirements
      • Need to look at Resources – Legal – Expertise – Cost
      • Trustees would be welcome at all meetings
      • Possible meeting place would be Judy Hallam’s

   Anita to put ADA Compliance Study Committee at top of future agendas. Rod W. envisions experts looking at both facilities. Nancy L. stressed the importance of “Library Architects” as a better way to go. Mary mentioned also that the Committee be aware of Mary’s commitment and of using her as a resource. Anita suggested that Mary go to the first meeting and that the committee knows who she is, and that she will make herself available. Discussion on setup of meetings for “ADA Compliance Study Committee” (ADACSC) should be noted on website and have regular meetings – remember 48 hour notice and to post at 2 public places.
Mark reminded everyone that our goal was to have our facilities be “Universally available to all patrons” – discussion as to whether it should read “accessible” – Nancy L. questioned as whether it should be “Services” or “Facilities”. Rod W. felt that the Charge was consistent with what the policies & philosophies of the BOT are, he asked if we had a Mission Statement, answer “Yes” one for both libraries. Rod W. noted that he would like to have at least two meetings before Christmas. Kara posed that we should make a decision on another resident and to suggest Nancy L. as Ex Officio, Anita will forward this request to Steve Halleran. Everyone in agreement? All concurred. Rod Wendt left the meeting at this point.

D. Announcement of Non-Public Session RSA 91-A:3 II(b) The hiring of any person as a public employee.

E. Reports for ML

1. Mary began with a video point demo program to show everyone what the online catalog would look like and how it would behave. This will show both libraries. Questions on possible date for going live. Nancy L. wanted to know if interlibrary loans possible with this program? Mary replied that yes, but not at this point. Mary suggested drafting a letter to Valley News to say thanks to Mary White and Pam at Howe Library.

NOTE: When we pick a day, to remember to let Kim know!

Mary said there were changes on the Director’s report which she will send to Hillary.

Kara had questions on New Patrons. Mary said all patrons are new at this point, because they are all getting new cards.

Nancy L. asked if the 3301 books (now in Evergreen) represented about ½ of the books in collection. Answer – Approximately, Yes.

Discussion on Lock issue. Mary handed around a proposal from Gatekeeper for a new lock system for the doors at ML.

NOTE: Revisit lockbox outside in future for Meriden Library

Kara will contact Selectboard for funds for funding of Gatekeeper’s lock system.

Nancy L. moved and Anita seconded, the vote was unanimous and carried.

2. Budget

   a. Printer for Evergreen system not on current budget.

3. Specific Items

   a. Policies to be discussed at joint meeting in December.

Mark discussed the budget thus far; mention of meetings already held with Mary & Nancy N. and Hillary.

b. Mary handed out a design by Mark Overman of a circulation desk. She is waiting on a bid later this week. Mary has done research in various areas and feels that most of the prefab layouts are inferior and will not last, and are very expensive. Mark Overman built the desk at PRML. Much discussion on circulation desk, Possible private monies to fund the desk, or the other thought was to put forth a warrant article to the Selectboard and Town to use the monies that are being returned to the Town i.e. Terry Knowles’s decision and Mark’s fact-finding to be used towards the circulation desk built in honor of Betty Ann.
c. Mary has written for a grant for a computer station for patrons. Cost approx. $1,300.
d. Nancy L. asked if we should budget for databases and would that be beneficial. Discussion on current databases; Epscohost, Ancestry.com (paid for each year by a patron), looked at Grolier’s, but the Elementary School already has, no need to duplicate. Mark suggested budgeting “Workspaces”
e. Anita asked about Professional Development Budgeting, Mark said that a budget of $800. per library for a basic 3 day with expenses, also possible leapfrogging each other year per library, discussion on Aide training, maybe a conference.
f. Kara would like to see Programming monies go up, $400 a year too low, (Mary did mention that there were private monies also added to that total.) Would also like to see “furniture” and other line items be more equal between libraries. Mark mentioned that PRML was a busier library and had more hours and more fuel costs. That PRML needs to use more resources more wisely. Mark suggested that there be more sharing between libraries. Kara added to that note that we should create the dynamic that when we purchase one book it belongs to ALL not just one library. How to do sharing without the natural barriers, need help from Trustees, perhaps to use the acquisitions fairly. Mark mentioned concerns about when going live with ML, what does that mean to the PRML? Mary felt that she would get hit hard because ML has been putting all “New acquisitions in right away, and PRML has not, so, the only “New Books” are at ML at this point. Which could create an issue.
g. Discussion on Budget meetings – November 15, 2012 at PES at 7pm – Kara to see if available. Discussion on recommendation to Selectboard for return of monies to Town. Possible dedication of New Circulation Desk to Betty Ann. Mark pointed out that the money that was disputed is free from private monies as was approved by Terry Knowles letter. We just need to make recommendation to the Town. Hillary mentioned that we should get the explanation out to the public, using PlainFacts or the Website, so as to be more transparent to the Townspeople. The minutes are “public” but not easily readable. Mark stated that if people were really concerned why aren’t they here at the meetings or contacting the Trustees, other than Dennis. We stood up in front of the Selectboard with anyone willing to listen and explained the process that we have gone through and the answer from Terry Knowles. Kara mentioned that she thought it was a good idea to put it out there so that no one is surprised when we make the recommendation. Hillary affirmed that it would be a good thing to show that we are not hiding anything.
Anita said that what we have been trying to do is to keep a monthly report in PlainFacts. We can also mention that there is a copy of the letter from Terry Knowles in the minutes posted on the website if anyone would like
to see it. We did miss this month, but will make sure that with everyone’s help get it in following months to come.

Mark stated that there were a couple of items that we still need to finish up with this issue; 1. We need to reissue 2 to 3 years of past financial reports. So that anyone, who wishes to know, can do so. This will be completed in due time.

Mark will forward the budget upcoming worksheets to all of us.

h. Nancy L. has concerns with her Liaison job with Mike Sutherland, Our IT guy for the Town. Question was asked if Diane’s name was still on the Website, Hillary affirmed that it was still on the Town Website; Mark brought up the website and found that this was true. Mike to be notified of this, and hopefully replace Diane’s name with Suellen’s.

**Programs**  
On Wednesday, October 9 the Meriden Library held a New Hampshire Humanities Council sponsored program, New Hampshire’s One Room Rural Schools: The Romance and the Reality. The program was held at the Aidron Duckworth Museum with the Friends of the Meriden Library hosting a reception before the event. Meriden’s Steve Taylor was the presenter. 50 people attended the presentation.

Our Genealogy Club hosted a special presenter on Monday, October 15. The club had been on recess for the summer months so to kick off a new year Jane Belcher, an experienced and published genealogist, lead the group. Several new patrons joined the group and we hope that they will continue as members.

We held our annual Halloween Craft Night on Tuesday, October 23. Families were invited to stop by the library between 5-7pm to have a snack, decorate pumpkins, and create a Halloween decoration. Each child received a pumpkin. I am grateful to Rachel Stoddard for donating pumpkins from her garden. 18 adults and 26 children attended the event.

**Meetings/Conferences**  
On Tuesday, October 2 staff members (Mary White, Director, Pam Smith, Technical Services Librarian and Peter Appleton, Reference Librarian) from the Howe Library visited the Meriden Library. Once a year Howe staff members use staff meeting time to visit another library. Not only were they able to see our library but we spent time talking about how small, rural libraries are run with minimal staff.

I met with officers of the Meriden Library Association on Tuesday, October 9. This served as the annual meeting for the group. There was discussion of what function this organization will have now that there will be a separate Friends group. The MLA is addressing any compliance issues that may arise.

Lori Estey and I attended the New Hampshire Library Association’s READS (Reference and Adult Services) fall conference, Not Your Grandma’s Library: Interlibrary Loans, Technology, and Intellectual Freedom, on Friday, October 26 in Plymouth.

**Automation**  
I continue to weed materials from the collection. This month I focused on Adult Fiction. That area is nearly complete for weeding and being cataloged into Evergreen.

Between 9/30-10/19 we added 374 items to the Evergreen catalog for a total of 3301. I have three volunteers actively adding items. I have been tracking the time spent in relation to the number of books added and find that an average of 20-25 books can be added per hour. Because of an upgrade to the Evergreen software on October 24 we
lost a week of cataloging time. Instead volunteers removed materials from the NH State catalog. We remain on track to go live in early December.

As of 10/19/12

As part of the space plan for the upper stairs adult section and work space I rearranged some shelving and furniture. I also submitted a grant to the Tasker Covered Bridges Fund for funds to purchase a computer workstation and office furniture.

On Saturday, October 20 our new passage lock on the front door malfunctioned and we could not get into the building. Because we were locked out we learned that there are no keys to the side entry and the keys that are kept at the town office are not current. I called Gatekeeper Lock and Safe on Monday to help us get into the library. The only way into the building was through a window. We will need to address the issues with all of the entry locks currently on the building.

B. Director’s Reports for PRML & ML
1. ML – Discussion on program that Mary attended on Friend’s group. Question from Nancy L. on clarification of Trustee/Liaison relationship with Friend’s group. Answer is you can help, but can’t belong to a “Friend’s Group” as a Trustee.
Mary has moved furniture in the library to make it more accommodating for patrons, when a meeting is in progress. Discussion on the need for more volunteers and the level of competency for various jobs. Discussion on interlibrary loan statistics. Needs in the future for volunteer transport of books, possible liability issues. Any information on these issues to be forwarded to BOT to keep on file for future reference.
MOTION: to approve ML Director’s report by Hillary, Kara seconded. The vote was unanimous and carried. (attachments)
2. PRML – Discussion on report. Good attendance on programs for September; Lorax, Cellar hole and others. Will be having programs every Saturday; Vins, Poe mystery and more. Anita asked if we could have #’s of participants for each program in the monthly report (both libraries). Nancy N. discussed website
renovation by Mike Sutherland. Kara asked about photo agreements i.e. the website photos. Discussion on patron numbers between the two libraries. Hillary asked about eventually getting these sorts of statistics from Evergreen. Answer, yes.

Discussion on weeding, statistics are on reports, books are not actually counted until “out the door”. Nancy N. is starting process of issuing new patron cards, possibly ordering plastic sleeves. Mary mentioned that she had plenty and could lend Nancy N. enough to get started. Further discussion on automation, interchangeable patron numbers between libraries.

MOTION: to approve PRML Director’s report by Kara, seconded by Nancy L. The vote was unanimous and carried.

C. Finalize Charge to committee for ADA compliance for Meriden Library:
   1. Hillary read draft charge from September 17 meeting. Much discussion on wording and on bullet points. Kara asked for advice from Steve B. and Ron Wendt. Nancy L. uncomfortable with asking before actual committee named.
   2. Ron Wendt offered a written proposal for the wording of the charge. Discussion on being specific on the charge and timing. It was suggested that the trustees get educated in what ADA means exactly and develop contacts and people of skills, and define how much money needed for the process.

MOTION: Anita read “Charge”, changes adopted. Anita moved to accept, Hillary seconded. The vote was unanimous and carried. Hillary to type up tonight and forward to Board.

D. Volunteer luncheon: Discussion on “Reception”. November 3rd at 1pm was decided on, location still to be determined.

September Statistics Attached

On Wednesday, September 12, I and several trustees attended a meeting with Terri Knowles, Assistant Director of Charitable Trusts, to review analysis of funds from prior years.
I attended the Librarians of the Upper Valley Coop meeting in Bradford, VT on Monday, September 17. The program was focused on Friends groups.

I devoted my time in September to weeding and organization of the library. I have been able to complete the weeding of several library sections to prepare for cataloging.

From 9/4-9/30, 547 items were added to the catalog.
The Meriden Library report of items cataloged in Evergreen as of 9/30/12:

3. Automation and other projects: All projects are moving along steadily. I have added lines on the Statistics page for the monthly updates on these figures.

4. Patron Barcoding: Mary and I met to refresh my memory of the procedure and to see how it was working. I will be ordering some supplies and will be starting this shortly.

Re: Town of Plainfield
Meriden Public Library

Dear Trustees and Director:

Thank you for meeting with me on September 12 for purposes of discussing the analysis vs. appropriation issue as it pertains to the Meriden Public Library.

At our meeting Trustee Mark Pensgen explained the process used by the Trustees to separate the public funds from the private funds for the period 1990 – 2011. The Trustees’ extensive research, based on all available records, concludes that $6,423.62 is the net balance of unspent public funds in the custody of the Meriden Public Library.

After reviewing the information provided by the Trustees to this office it is our conclusion the $6,423.62 total contains no private gifts, bequests, or donations, and may therefore be returned to the general fund of the Town of Plainfield.

If you have any questions please do not hesitate to contact me.

Very truly yours,

Terry M. Knowles, Assistant Director

Subject: ADA/ Meriden Library

Dear Steve,

It is unlikely that I will be able to attend this week's Selectmen meeting. I had wished to address the library situation and clear up misconceptions about the ADA. Would you be so kind as to read the following or give a copy to those present and include my original letter:

Judy P. Hallam, submitted a request to the Library Trustees and Town Administrator in March of 2009 that the Meriden Library be made accessible to those with walking disabilities (see letter below). The library offers not only the use of books, but clubs, demonstrations, educational programs and other social events none of which can be participated in by someone like myself in a wheelchair, someone using a walker, crutches or an elderly person unsteady on their feet. It has been 52 years since the library's construction and I feel that 52 years is too long to continue to be inaccessible.

Not wishing to place an undue burden on the trustees or taxpayers, however, I did my homework before I made this request. I did not wish to open the proverbial can of worms... Lawyers at the NH Disability Rights Center assured me that the ADA allows flexibility and latitude in its law and understands the parameters of an older building such as the Meriden Library. Offering a ramp or other means of access should not be a cause of alarm or does not mean creating a domino effect as suggested by Dennis Giroard in his September Plain Facts article.

This is an erroneous misunderstanding of the law. He is correct in the fact that the interior of the library has its limitations, however.

I explained the small size of the interior and told the lawyers that tearing out the bathroom or moving shelves was impractical - it only provides chaos! They understood, but told me that in order to be compliant under the ADA, the meetings, socials, discussions, clubs, etc. are required to be held at a location that is accessible.

I have been in touch with Josh Safdie Director of Institute for Human Centered Design Architecture Studio in Boston jsafdie@HumanCenteredDesign.org.

"The Institute for Human Centered Design (IHCD) is an international non-profit organization committed to advancing the role of design in expanding opportunity and enhancing experience for people of all ages and abilities through excellence in design. Our educational, consulting and design work is very diverse." As a non-profit, their costs are lower.

In his reply to me "we could act as architects for the addition if that is the stage they are at, or we could help them with a building evaluation / feasibility study / schematic design, which they might use to produce an RFP for the project and/or to pursue funding".

Jillian Shedd is the Accessibility Specialist Governor's Commission on Disability with whom I have also spoken. She is also willing to come to assess the situation make suggestions and guide the committee. Main: 603.271.2771 Direct: 603.271.4177 Email: jillian.shedd@nh.gov.

Biebel Builders Inc. is a local design and construction firm in Windsor, Vermont. They have constructed numerous local buildings- the chapel at Singing Hills, the red church in Plainfield on 12A - conference centers, schools, churches, residential homes and commercial construction throughout Vermont and New Hampshire. They provide complete design services through to construction. http://biebelbuilders.com/index.php 802-674-9155

I met with and explained this to Mary King and trustees some time ago. I know they are working on this dilemma. While this has taken three more years since I first spoke to them and this situation continues to be unresolved, I am hoping one is impending.

Thank you,

Sincerely,

Judy P. Hallam

ORIGINAL LETTER

To the Administrators, Trustees and Librarian of the Meriden Library:

As each of you know, this year's political hopefuls ran on the platform of a call for "Change". While I have no intention of running for office, I do wish to continue in an effort to unfurl that banner.

Our library was built many years ago by hardworking townspersons and dedicated volunteers - many of whom continue to work on its behalf. As an eighteen year resident of the town I, too, have volunteered my time, donated books and artwork to support this local institution. Over the years it has evolved into an important center and core which offers, not only books to read, but other educational and social aspects of the the Meriden community. However, for over forty four years, it has also stood as a barrier to those of us who sit in a wheelchair, the elderly, or others who are not able to traverse it's stairs - to peruse it's bookshelves, to research on the computer, participate in socials, fund raisers, discussions, or any other community event taking place within its walls.

Just as previous residents came together to build this edifice, I ask your help in making it accessible. Instead of accepting the status quo, could we come together to brainstorm common sense, low cost approaches to providing access to all of us in the Meriden community? I am not asking for a wrecking ball but rather one of the many definitions of the word "Change" - "to make something pass from one state or stage to another". While, I wish you good health and mobility, there may come a time in each of your lives that you will have difficulty. I am calling upon you now, to help bring about this empowering word of action.

Respectfully,

Judy Pollock Hallam

August Statistics Attached.

Programs: On Friday, August 10, Rick Hunter from the Stellafane Astronomy Club in Springfield, VT, presented “Exploring the Night Sky”, an evening program at the Meriden Library. 18 patrons attended. Families enjoyed a pot-luck dinner before the start of the program. We planned for an outdoor program but the weather was bad so we needed to move the program into the children’s room. As part of his presentation Rick demonstrated computer software that did allow for viewing of a simulated night sky.

This year we did not take a summer break from story hour and we had great attendance throughout the month. On Thursday, August 9 several young participants of our summer reading program put on a performance as part of story hour.

Automation: On August 29, I met with Pam Smith at the Howe Library to plan next steps to prepare for “going-live” with the Evergreen software. We developed a time-line that will have the Meriden Library using Evergreen for circulation by mid-November. Before a date can be set for us to go-live the Howe Library needs to go through an up-grade to the software and then have time to work out any bugs in the up-grade. We will have a firm date once Howe has scheduled the upgrade with Equinox, (expected to be by mid-October).

Our volunteers devoted more than 20 hours to cataloging books in August. We continue to add materials with the highest circulation, adult fiction and juvenile picture and chapter books, as well as all new materials.

The Meriden Library report of items cataloged in Evergreen as of 9/4/12:

   Trustee Liaison to Friend’s Groups – Kara & Mark to ML, Nancy L. to PRML. If
   the designated Trustee not available, then another Trustee will fill in.
   Trustee Liaison to Building Committees – Kara to ML, Anita to PRML.

D. Discussion of Budget and Accounting Structure
   1. Hillary & Mark to meet about future set-up of books for both Libraries &
      Banking. Questions on one account for both libraries versus separate accounts.
      Currently have 2 separate Tax ID#’s for each library; NH State says we can use Town ID
      #. The current process is that we receive a check from the Town addressed to PRML,
      deposited into PRML account then a check is issued to ML.
      2. For Budget notes; Anita would like to see line item monies set aside for BOT
         uses such as; computer, trustee professional expenses & activities. Defer discussion for
         budget meetings.
         Nancy asked if the Trustees had to be bonded? Mark is bonded through the Town.

E. Discussion of Schedule and structure of meetings
   September 10, 2012 – Meriden – 7pm
   September 17, 2012 – PRML – 7pm
   October 8, 2012 – Regular Meeting at ML – 7pm
   November 5, 2012 – Featured Library – ML
   November 7, 2012 -Featured Library – PRML
   December 10, 2012 – Regular Meeting at – PRML – 7pm
When is meeting with Terry Knowles in Concord, Wednesday, September 12. Meeting not confirmed yet. Other meetings for budget not designated yet, also a meeting with the Finance Advisory Board from Town usually in October.
Mark & Hillary to meet before October 8 meeting with Directors. Budget discussion, Staff needs vs. Board needs. Discussion on volunteers vs. paid employees to speed up automation. Is the current structure working? Need to have agenda out 2 weeks in advance, all Directors Reports and other reports to be read in advance of meetings, don’t need discussion. Kara repeated request to have 2 additional Trustees added to lighten workload, followed by discussion; consensus: larger board, more complicated; leave as is for now.

F. Roll Call and approval of agenda
   2. July 9 Sealed minutes, Nancy moved to accept, Anita seconded. Approved
   3. July 16 Non-sealed & Sealed minutes, Nancy L. moved to accept, Anita seconded. Approved.

G. Donations – PRML
   1. Mark asked what the actual donation is, what does it entail? Anita answered it covered the egresses on both sides of Building. Discussion as to technicalities of liability for who is responsible for payment. Mark wanted to know the right path for payment – Either the Friends or Trustees?
   NOTE: For the Meeting in Concord with Terry Knowles “To be bonded with regards to assuming liability on payments on current discussion”.
   Was the original scope of the work accepted? Kara suggests we put the money in the account and pay the bill.
Anita Moved to accept the $48,184.08 from The Friends of Philip Read Memorial Library Group for the Purpose of Basement Renovations, Hillary Seconded.
Roll Call to Vote: Anita Brown – Yes
                  Kara Toms – Yes
                  Mark Pensgen – Yes
                  Hillary Sundell – Yes
                  Nancy Liston – Yes

H. Directors Reports
   1. Nancy L. & Mark have issues with pace of Automation too slow. Mark to intercede between Librarians. Nancy L. & Mark to meet with Nancy N. to work on Timeline for Automation. Nancy L. felt that Item #7 is a worthwhile meeting for the Librarians to go to. Mark would like to see more time spent on #5. Discussion on The Library Convention. Mark suggests both Directors go to promote unity; Anita will touch base Mary and Nancy (NElib.org).
   NOTE: Kara suggested that we put this conference in the budget for next year.
I. Action Items
   1. Fuel Oil Contract – Discussion on whether both libraries to go with prebuy.
      Suggested that PRML go with prebuy, as that usage is undetermined for ML. Kara
      mentioned that Mary wanted to get in touch with Simple Energy.
      Mark moved that we prebuy from Irving for PRML, Kara seconded. Hillary to call Mark
      for usage by PRML last year to set gallons. All voted, Nancy L. voted no, Nancy L. felt
      that the information had been gathered and we should move ahead with one contract for
      both libraries based on price. Waste of time for both Trustees and Librarians to duplicate
      efforts. The motion carried. Attachment
   2. Estes & Gallup – Anita to sign for payment of $16,267.07. For Estes & Gallup.
J. Policy Review – All 3 Policies passed and still need to be signed.
   1. Need a folder for Suellen and a copy for Nancy N.
K. Anita voiced the review of meetings in the past with Non-Public minutes that Dennis
   had questioned at the July 9 meeting.
   RSA 91-A3, II (c) – Anita will write up formal reply and give to Dennis.
L. Vision of the Future of the Plainfield Public Libraries
   1. Discussion of Kara’s timeline for making ML ADA compliant. Anita shared
      the history of the renovation of PRML, steps that were taken by the committees/study
      groups and the Town.
   2. Kara wanted to keep moving, concerns with patrons that would like to use ML,
      but cannot. Thoughts on getting the “Buzz” going in October, perhaps an article in
      PlainFacts? Dennis suggested that we go to the Town at Annual meeting to ask for
      public support after we have done the research.
   3. Survey was done 2 years ago. Mark suggested focus groups to go out into the
      community. Anita suggested an Open meeting with Vision of Libraries as well as
      making ML ADA compliant. Suggested that we ask Paul (Town Moderator) for his input
      of appropriate members to be selected for a study group. We will also add ourselves to
      Selectboard Agenda for the Sept. 5 meeting.

   Anita moved to adjourn, Mark seconded.
   10:09pm all agreed.

Members of the Public: Dennis Girouard, Pam Abrahamson & Lee Abrahamson

Convened at 7:08pm

A. Roll Call and approval of agenda
   1. June 11, 2012 minutes to be cleaned up and resent to Trustees and then to approve at August 6th meeting.
   2. July 9, 2012 Minutes approved.

   4. Public Comments; Dennis asked when his questions from July 9th meeting would be answered? Issue will be discussed at August 6th meeting.
   5. Announcement of Non-public meeting RSA 91:A-3, 11 (c)

B. Reports
   1. Financial; Mark said everything looks good at the 50% mark for the year, discussion on amounts being reflected for new computer and software. Anita mentioned that we send out new adjusted PRML acct. For ML-areas in Audio/visual overspending, everything within budget. Question asked if National Grid bill arrived yet? No. Has there been an impact with the new AC? Unanticipated funds are skewing line items. Anita moved to accept and Nancy l. seconded. The motion was unanimous and carried. Attachment
   2. Director’s report; Saturday’s program June 9th “Downloadable Book Program” was not well attended, perhaps the “Walk for Natalie” pulled people away, volunteers are off on vacations. Last of pieces going on to Equinox. ISBN #’s an issue at Meriden also. Not working with older books that have migrated from the system. New books are no problem. Mark concerned about duplicate records, if we are using Library of Congress to find numbers for older books. Any books after 2010 should work fine. Anita asked if we could see if a title prior to 2010, use a different search – not ISBN/739.5 search? Mary stated that the idea was to have less files, use same file for hardcover as for paperbacks.
      i. Patron Files; Laurie (no volunteers) to add in information on Patrons. Re-issue cards to patrons – Good progress so far.
      ii. Meriden & PRML #’s will work in either library, first come – any holds on books to whichever library gets the “hold” first.
      iii. Question; Who or what system to transport books between libraries? Transit tags to attach to books.
iv. Meriden’s collection is about 10,000 books at the moment but would like to come in around 7,000 to 8,000 in collection and around 3,000 in the system when we go live. Mark asked if everything was bar-coded now? Mary stated that all new adult fiction and Juvenile chapter books and working on nonfiction. Blue slash means that book is in the system. Nancy L. asked are you going ahead before whole collection is in? Mary replied; yes, there is a system and hope that Patrons will be understanding.

v. Statistics; discussion on Campers using books for the summer, Church has an account.
   Anita moved to accept and Mark seconded. The Motion was unanimous and carried. *Attachments*

3. Facilities; three documents on ADA Construction passed around; ML Timeline, Summary of Meetings, Building needs passed around. *Attachments*

   1. Maximize light, a small kitchenette, comfortable.
   2. Summary of meetings with Architects, showed photo of David King’s work. Discussion.
   3. Nancy L. asked if all of the land that the Library sits on is owned by Meriden, Anita answered yes. Nancy asked if a vote was made by the BOT to support this renovation? Anita replied that we have a discussion as joined board to look at both libraries. Mark stated that we have a strong timeline (aggressive) and stick with budgets. Anita suggested a study group, put together information to inform the Town and put into a warrant item for the Town Meeting. Dennis suggested that we explain the 3 yr. Moratorium on Building – check into prior minutes. Mark or Dennis? mentioned that the Town has been putting aside monies for the Meriden Building fund, also Betty Ann’s Memorial Funds for her vision of the Library (The 2 Vanguard accounts?)
   4. Mary asked for clarification on how much money to be obligated for ADA/handicapped compliance? Anita spoke on timeline and grandfathering. Nancy L. No Mechanics? (elevator) is there room to move out back?
   5. Mary is trying to consult with a library consultant/Space planner.
   6. Discussion on patrons that want to see this move forward for Meriden to become ADA compliant, or may go a step further. Nancy L. suggested a survey; Anita mentioned that there was a survey discussion when both libraries joined. Nancy L. suggested that ML could be more of an adult library? KUA to open up its libraries more to the Town? Mark thought that the BOT should come up with a “Vision of the future”, what are our options? Community centers? Dennis G. stated that The Town has been setting aside $5,000 annually towards a Meriden L. ADA Compliant Fund
Anita said that the funds from the Town are ADA specific.

7. Back to Facilities Report; Mary would like to reconfigure desk area, get rid of shelving and dedicate to administration. Mark asked if Mary was ready to make the move, schedule a day and do it. Mary will speak to Pam, Equinox and Howe to schedule a date in August to “Go Live”. Nancy L. asked if system had notification via e-mail for soon to be overdue books?

C. Detailed discussion – Directors report;
   1. Fall programs – healthy communities to join with Cornish Library. Our program with Steve Taylor in October @ Duckworth Museum, on One Room Schoolhouses.
   2. Mark stated that 1st priority should be Automation and weeding.
   3. Book Sale in the Plans? Used to be in the spring opposite PRML’s one in the fall. Friend’s Group to look into?

D. Old Business; Policies
   1. Mark has change in Safety - #9, take out” Library materials will not be stored in the furnace room.” To say ”Nothing can be stored in the furnace room, per Plainfield Safety Committee.” Safety Policy to be voted on in August. June statistics are attached.

On Saturday, June 9 we held a program to demonstrate the NH Downloadable Book Consortium. Michael Morris, a reference librarian at both the Meredith Library and Howe Library, was the presenter. The program had very poor attendance with only two adults attending.

Work continues on cataloging books into the Evergreen software. The process includes weeding items that have not circulated or are in poor condition. If an item is to be discarded it needs to be removed from the NH Public Access Catalog (NHU-PAC) so every book is being handled in some way. The progress so far has been sufficient but slower than I anticipated.

The last pieces of information that are needed to complete our catalog with Equinox, notices and On-line Public Access Computer configuration, have now been developed. Mark Pensgen, Nancy Norwalk, Mike Sutherland and I met to finalize this outstanding work. Mike is working on the catalog and all of this information will be passed onto Equinox within the next weeks allowing us to schedule a “go-live” date.

Summary of Meetings with Architects/Design Builders

David has done additions and renovations on several libraries, mostly in MA. There is a library in Worthington, MA that is similar to the ML for which he has done a design for an addition which we really like (see attachment). However, the meeting seemed slow and not very organized. We have some concerns about his ability to present to a group. He also does not have much experience in NH. He quoted about $200-250/sq ft for an addition, but did not give an amount for the renovations for the original library. The architect fees would be 10% on top, but he said he could be flexible.

Peter has worked on many library projects in NH and was the presenter at the NHLTA annual meeting on "Libraries of the Future." He clearly has an understanding of the needs of libraries, where the future is leading, and how create flexible spaces to adapt. He also has knowledge in ADA compliance. He was able to quickly identify aspects of the original building for areas of improvement (savings in lighting, asbestos abatement). The meeting was focused and organized. He presented a logical time frame for the process: By Thanksgiving - Big Picture, January - Warrant submission, March - Town Mtg with lots of leg work in between. A conceptual Design Package for $10,00 includes: 10-15 mtgs, 3 designs, floor plans, presentation drawing, 10 pg study. Here is the breakdown of his estimate for the cost of the project:

- Addition 1500 sq ft: $375,000 ($250/sq ft)
- Renovation 1200 sq ft: $180,000 ($150 sq ft)
- Site work: $100,000
- Furniture
- 9% architect & engineering

Bill Knight (June 28): Bill is a local builder/engineer who has overseen many big projects including the Plainfield School. His reputation as a design builder is outstanding. He knows the local contractors and has a vested interest in doing the job right. As a long time resident, he is also familiar with Plainfield. One of his strengths is energy efficient building and he mentioned that it would not be difficult to get a level LEED certification. He had some suggestions as to process such as a "Study Group" (instead of building committee) and to have some focus groups of key patron groups for town buy-in. His experience with libraries is not as extensive as the other architects, so we would also use a library space planner if we went with Bill. He said that he would donate his time for the original design creation and that he would hire a local draftsman to create drawings at minimal cost. His rough estimate for building costs are:

- Addition 1500 sq ft: $300,000 ($200/sq ft)
- Renovation 1200 sq ft: $120,000 ($100 sq ft)
- Site work: depends on how much we want to bring the building up to grade

Featured Library: Philip Read Memorial Library

Attending: Anita Brown, Kara Toms, Mark Pensgen, Hillary Sundell, Nancy Liston, Nancy Norwalk (Director of Philip Read Memorial Library).

Members of the Public: Dennis Girouard

Convened 7:09 after group picture taken on front steps.

A. Roll Call, Introduction of Nancy Liston, new Trustee, approval of agenda
   1. Nancy Liston disclosed that she was also working at the Windsor Library, in case of conflict.
   2. Approval of Minutes from June 11 meeting to be moved to July 16 meeting, still in draft form.

B. Public Comment;
   1. Dennis G. had questions for Trustees pertaining to The Plainfacts dispersal and sales at PRML. Please see attachment. Response was that those decisions were made in Non-public meeting RSA 91-A:3,II (a)

C. Announcement of Non-Public Meeting – RSA- A:3, II (c)

D. Reports for PRML
   1. Financial – Mark discussed the usefulness of the new computer, all data for both Libraries on computer. Discussion on how budget works between both Libraries, different budgets, different hours, payroll coming from town leads to faux discrepancies, because of time delay. Kara motions to accept, Anita second, motion was unanimous and carried. Attachment

   2. Directors Report – Movie Night Starts Friday. Edgar Allen Poe programs discussion for October, very exciting. Automation going slowly but well, have 2 volunteers in place, one just starting, could use a fourth person, one is working 2 hours a week; one is working 3 – 4 hrs a week. Still have glitches, seems to be an ISBN # issue discussion on bringing a book from either library and see how it reads in the other, possible troubleshooting. Kara asked how many books have been done so far; Nancy N. said no report received this month. Nancy L. asked if there was a deadline, discussion on Meriden’s head start – because of no card catalog, there was a greater need to get into place. Kara moved to accept, Hillary to second. The Motion was unanimous and carried. Attachment

   3. Facilities Report – Delay in the Valley News Notice, vote to accept the $48,124.08 from the Friends will take place at the July 16 meeting. Discussion on whether “Friends” should pay the bill or if monies should be transferred to BOT to pay, who is authorizing work? Will be checked into. Anita spoke with Steve Hallerin to set up consult with Town Lawyer, Barry Shuster, about proceeding with arbitration with contractor as to the difference from original bid to current costs of materials and work. Mark moved to approve, Nancy L. to second, The Motion was unanimous and carried. Attachment
E. PRML Library: Detailed Discussion
   1. Director’s Report –
      a. There are left over hours from Aides, discussion of hours – volunteers for
         automation. Howe’s bibliographical data is the roadmap for data entry.
      b. The Internet is receiving a lot of use, looking to increase bandwidth? Nancy N.
         has to reboot often, becoming a problem. BOT to contact Steve Hallerin to OK
         more bandwidth with Comcast. Nancy L. shared Windsor Public Library Internet
         Policy with Board.
      c. Nancy N. has David Grobe estimate for handiwork for PRML - $365.00. Kara
         said we should ask town for funds from the Library Repair Trust Fund. Mark

1. Donation - The library received a $100 donation from the Hanover Garden Club, designated for nature or gardening books.

2. Maintenance - David Grobe has been in to discuss the maintenance list and do a walk-around. He will send an estimate and suggestions shortly.

3. CLiF Presentation – The presentation at the school went very well. Everyone enjoyed the storyteller. Patrons have been checking out the new books and are raving about the titles. The daycare program at the library was also very successful. The daycare providers especially appreciated being given a selection of books for their daycare. Children were able to choose two books each to keep. Only two daycare groups were able to come; one other was scheduled to attend but cancelled at the last minute. I delivered books to the group that was unable to come.

4. Phone issue – Bringing you up-to-date on an odd issue that most of you are probably unaware of. Last spring, while checking with the phone company on something, Bernadina, by chance, discovered that the phone company had the wrong address listed for the back-up fire alarm phone. It was an address on Stage Road, which probably was the address of the previous holder of that phone number. She was unable to convince the phone company to correct the problem. I have been following up on it with the phone company and have finally convinced them that the library is not on Stage Road. The representative I talked to has issued the change orders.

5. Automation – The cataloguing process is moving along steadily. One volunteer has continued to work regularly. One new volunteer has been trained and will work weekly. It appears that one volunteer who has been trained is not going to work out. However, someone who I believe will be reliable has volunteered and will be scheduled for training. We have been a little frustrated by some glitches in the system which held us up for a couple of weeks. There were two issues caused by some changes/corrections that Evergreen had made in our permissions, but that seems to be solved now.

May 2012

Mark Pensgen

Hillary Sundell

- Mark & Hillary met at PRML on May 23rd. Discussed Mark’s intensive work on the Meriden’s accounts to this point. The overview of most entries dating back to 1990 seem to be fine, although with very little notating for allocating money for specific gifts.

- Mark met with Sarah Governo on June 6, 2012. She thought the approach was good and agreed with the analysis. We are now in the process of scheduling a meeting with Terry Knowles to complete this phase of the process.

- The need for a separate computer for the libraries finances is evident. Mark has found a capable laptop at Wincycle which can be acquired for $225 which represents a 25% discount available to a non-profit entity.

- Mark and Hillary attended financial sessions at the recent New Hampshire Trustees Association meeting in Concord. There were 2 different presentations made by Terry Knowles which were helpful to increase our overall level of understanding of the rules governing financial matters. We discussed directly with Ms. Knowles the payment of the air conditioner for the Meriden Library and learned that the payment from private funds was appropriate, this is an item which should have been included in the yearly budget (not withstanding the fact that this offer from Arc Mechanical was not known during the budget season). This understanding will inform our budgeting process for 2013.
May statistics are attached.

Two additional volunteers were trained to catalog books in Evergreen bringing us to four active volunteers for this project. I will not recruit additional volunteers for cataloging while we work on a schedule for this group. I am seeking more volunteers for other library tasks.

Through the Beaupre Community Service Day four students from the Plainfield Elementary School volunteered at the Meriden Library on Friday, May 18. The students helped to organize and label books in the children’s room.

I attended the Librarians of the Upper Valley Cooperative meeting on May 21. The meeting was held at the Norwich, VT Public Library. The program focused on social networking for libraries particularly the use of Facebook in marketing your library.

Terri Crane was trained as a substitute library aide. Terri will be added to the substitute list that covers staff absences. With summer vacations scheduled for all staff, I felt that we needed additional coverage particularly for evening and Saturday hours.

PROPOSAL# SQ12-022
Job Name & Location
Job Name: Air Conditioning
Job Location: First Floor

Specifications
Mary, Kara and Mark,

Now that spring is approaching I am turning my attention back to this very important part of our community, the Meriden Library. The growth of the Meriden Library over the past few years has been impressive and important to not only the community but to my family. Having the ability to help out communities is also important to ARC Mechanical Contractors and with this proposal I hope we can make this happen. ARC Mechanical will supply all the labor to install this system at no charge and we will supply the material at a reduced rate to the Meriden Library. In my opinion this will only enhance what has been happening at the library. This system will give our community members a nice place to cool down on a hot summer day and enjoy the books the library has to offer. This heat pump system not only cools but it also has the capability of heating, which will in turn will significantly save on the library's oil bill.

Best regards,
Jody

We propose the following scope of work:
- Install two Mitsubishi Electric MSZGE18NA indoor heat pump evaporators.
- Install one Mitsubishi Electric MXZ4B36NA multi zone heat pump condenser.
- Install Mitsubishi line hide pipe covering.
- Install refrigeration and drain piping.
- Pressurize the system and test for leaks.
- Evacuate the system to 500 microns.
- Start up and test system operation.

Note:
The Library will also be responsible for the electrical and building permit.
Respectfully Submitted by
ARC Mechanical Contractors, Inc.

Jody Perkins, President/Service Manager

Note: This proposal may be withdrawn by us if not accepted within 30 days.

Hi,

I talked to Allan Ferguson at the Energy Comm. meeting last night.

The energy/electricity cost savings proposal is not feasible at this time. Because of the competition from these alternative companies, the following has happened:

National Grid – they have lowered their prices.

PSNH – they have increased their delivery charges wiping out any cost savings.

Minutes
May 7, 2012 7:00PM
Featured Library: Meriden Library

Attending: Kara Toms, Mark Pensgen, Hillary Sundell, Mary King (Director of Meriden Library)
Absent: Anita Brown
Members of the public: Dennis Girouard, Gordon & Fern Wilder, Richard Rogers, Maria Guzman, Laura Dintino, Susan Russo, Bev Widger, Susan Nugent

Convened 7:05pm

A. Minutes from April Meeting were approved.

B. Correspondence – None reported

C. Public Comments

Mark read an email sent by Maria Guzman. Mark covered that most of her questions are in process of being answered/or have already been answered. Kara spoke of this as well.

Gordon Wilder had questions regarding funding of the ARC proposal. Mark mentioned that the Vanguard account was the building account and was all private donations. We also had accepted this bid from ARC at the last meeting as being financially prudent at this time. Kara described the uncomfortable heat in the building during the summer. Susan Nugent commented that the same system at the school with its heat transfer was very economical and would prove very valuable in the future as a cost saving in both seasons. Dennis asked if we knew which donations were earmarked for specific purposes. Mark replied that as to the building fund, there were no earmarks that he could find in his due diligence research.

Bev Widger asked how close we were to going to Terry Knowles with our discoveries and plan. Mark then relayed his thoughts of meeting with two outside citizens, Bev Widger & Sara Governo, to go over all of the statements and financials that have thus far been gathered by Mark, followed by an appointment with Terry Knowles, which Mark thought would be the greatest time consumer in this process.

As time was running short, it was recommended that we read Diane’s letter next public meeting (May 14, 2012) as we did not have the complete letter to read to the public as well, and was agreed to.

D. The Meriden Budget was handed out. Mark pointed out the salaries and how there is a time delay because of numbers arriving from the Town.
E. Meriden Library

1. Facilities Report
Kara highlighted the condition of the basement egress and the trim around windows, with a suggestion that we look for a bid for all trim. Kara made a MOTION to requests bids for repairing/painting all trim. Mark moved and Hillary seconded. The motion was unanimous and carried.

2. Director’s Report
Discussion as to timeliness of the Automation system & Circulation desk being completed at the same time; end of summer is current outlook for both. Mark spoke with Pam at Howe Library as to the timeline of other libraries going live and would we affect this. The response was that it would not affect their progress. Mary attended a conference with smaller libraries in mind. Friends of The Meriden Library held their first fundraiser, plant sale. MOTION to accept the Director’s Report. Kara moved and it was seconded by Mark & Hillary. The motion was unanimous and carried.

3. Other
Summer reading program: Mary’s take from patrons is that afternoons for programs are not very good and that evening programs would be better attended. Mary has engaged a storyteller to perform at the School on July 12 at 6pm and this is funded by a grant from the State. Mary is also looking into a NH. Science (mobile) coming for a demonstration this summer. She is also scheduling some night sky sessions hoping to engage patrons with telescopes to join in.

Discussion on downloadable audios: A presentation on the NH Downloadable Consortium is planned for June to help patrons learn how to access audio books and download them to their own devices. Mary mentioned discussion from other librarians regarding the risks of libraries loaning electronic devices.

Mary asked the Board as to the status of the strategic future and what did we foresee as to ADA compliance. Thoughts on hiring a space planner or architect; basement not feasible for ADA; what cost to fix basement egress if we foresee the addition being built in the future?

Dennis suggested that we get two quotes – one on revamping existing building and the cost of a larger addition. Mark suggested creating a building subcommittee “Exploratory Building Research” for this. Kara would like to see a timeline – perhaps something for Town meeting. This item to be placed on Agenda for June Meeting.

F. Old Business – ARC quote

1. Discussion on the additional monies for the control system for the air conditioner. The purpose is to sync the two units allowing for overall control. ARC originally wanted
$450 – but brought the cost down to $250 for a decrease to add to the original bid ($4,350) at a total of $4,600.

MOTION to accept the increase for the ARC bid was moved by Kara and seconded by Mark. The motion was unanimous and carried.

Motion was made to use monies from Building Account (Vanguard) to fund the full amount. Mark to investigate/contact this account to have monies appropriated for this. MOTION made by Kara, seconded by Mark. The motion was unanimous and carried.

G. Announcements

1. With Kim’s resignation from the board, discussion on finding a new trustee to replace Kim, Nancy Norwalk had mentioned Nancy Liston and it was thought that we table this for next meeting in hopes that we might have a couple more candidates for the position to submit to the Selectmen next week.

2. Diane’s letter to be read next week at the PRML meeting in its entirety.

3. The need to get the Director’s reviews done was mentioned by Kara, and agreed by all.

4. The amount of work and the little amount of time to do it in was brought up by Mark, suggestions of possible alternate or additional trustees was discussed. Dennis mentioned that it would take at least a year as we would need to bring it before the voters. Hillary to look into the feasibility of and how to go about setting up two additional trustees.

   It’s All in the Numbers  
   Succession Planning: Future Perfect Staff
It was agreed that all the trustees should attend. We discussed who would attend which sessions.

E. Discussion of Budget and Accounting Structure

Mark suggested a long-term plan to have Quickbooks for both libraries on one computer designated for that function. The long-term goal would be to have one checking account for the town appropriation and keep the savings accounts for each library to be used for donations and gifts. In the short-term we need to change signators on the checking accounts for each library. As the financial working group, Hillary and Mark will meet and come up with a plan for moving to the one checking account once the funding issue with Meriden Library has been resolved. They will present their suggestions to the remainder of the board at the June meeting.

We will add Hillary and Mark to the Mascoma Savings Bank (Philip Read checking account) account, keep Anita on it and take Bernadina off of the account.

At the Claremont Savings Bank (Meriden Library checking account) we will add Hillary and leave Kara and Mark as signators.

F. Discussion of Schedule and Structure of Meetings

Call to Order: Trustees and Directors 7:16 p.m.

Public Comment

Dennis wanted to clarify that he and Diane did not work together that he did not know about Diane’s 2/13 letter. Dennis also wanted us to know that he has never accused any of us of being immoral, unethical, malicious. He does not feel that he has personally attacked anyone on the board. He also stated that he is not against the unified board. He has never heard Diane speak of being against the unified board in a public setting either. Dennis felt after the Selectboard meeting that the funding issue was being resolved. Dennis asked that the Trustees “come out publicly” and make a statement in support of Diane.

March 5:

MOTION— Kara moved and Kim seconded that the minutes be approved as submitted pending any changes from Terry Knowles. The motion was unanimous and carried.

March 19:

MOTION— Hillary moved and Mark seconded that the public session minutes of 3/12/12 be approved as submitted. The motion was unanimous and carried.

MOTION— Anita moved and Mark seconded that the sealed non-public session minutes be approved as submitted. The motion was unanimous and carried.

April 3:
MOTION— Mark moved and Hillary seconded that the sealed non-public session minutes be approved as submitted. The motion was unanimous and carried.

B. Correspondence

Constance Zea has requested that the funds given in memory of Howard be restricted to “memorial books”. Mary will clarify this further.

MOTION— Kara moved and Anita seconded that the donations received between February 25-March 20 to the Meriden Library in memory of Howard Zea in the amount of $300 be accepted. The motion was unanimous and carried.

C. Non-public session announcement (RSA 91-A:3, Ila)—There will be a non-public session with the Board only.

Reports

A. Financial

Mark will send out financial reports for both libraries.

Mark requested the appropriation for both libraries. The full amount was deposited into the PRML account as PRML had pressing bills. Mark will write a check from the PRML checking account to Meriden Library for the amount of the appropriation budgeted for Meriden Library.

B. Library Directors

1) Meriden

Mary found out today that Meriden did receive the funding for a performance for the 2012 Summer Reading Program through the “Kids, Books and the Arts” grant to the NH State Library.

Mary feels she still needs more committed volunteers to do the cataloging of books for automation.

2) PRML

Nancy has assembled a Building Committee in preparation with construction resuming on the basement. The committee will consist of Rob Drye, Dennis Girouard, Des Hudson, Bernadina Webber, Dick Rogers, David Grobe and Nancy. Anita will serve as the Trustee Liaison for the building committee.

There is a problem with email at the library. The town is having the same issue. Mike Sutherland is working to resolve it and showed Nancy how to find the missing emails. At this point neither Mike nor the webhost have been able to figure out why the emails are being sent to spam.

Mike Sutherland and George Adams have been discussing changes to the PRML website.

C. Working Groups

1) Technology—Nancy is training volunteers on cataloging. She has 4 volunteers for approximately 4-6 hours/week, but not on a regular schedule yet.

2) Facilities
Kara will follow up with Bernadina re: signing up for www.residentpower.com.

Anita and Kara will schedule the spring walk-abouts with the Library Director for each library.

The window washing bid from Jeff Hale was discussed. A request for the window washing to be paid out of Library Building Repair Fund would be submitted to the town.

Anita moved and Kim seconded to approve the bid for window washing in the amount of $770, $350 to be requested from the Library Building Repair Fund for the full amount. If full amount not approved, the remainder will be paid for from the maintenance budget.

3) Policy

We will discuss and approve the Personnel Policy at this meeting. We will also discuss and review the policy schedule that Anita prepared.

Action Items

A. Discuss and vote on the heat pump for Meriden Library

The bid from ARC discussed at the 3/19 was further discussed. This work would be funded from the Meriden Library Building Fund.

MOTION— Anita moved and Kara seconded that we proceed with the bid from ARC in the amount of ?. The motion was unanimous and carried.

After discussion it was agreed that we would remove the line “Only those days earned may be utilized.” From section 6.2.2 on the accumulation of vacation pay and that the “Monthly Accumulation” column be removed from the charts in sections 6.2.1 and 6.3.1.

MOTION— Anita moved and Kara seconded that we proceed to remove the line “Only those days earned may be utilized” from section 6.2.2 on the accumulation of vacation pay and that the “Monthly Accumulation” column be removed from the charts in sections 6.2.1 and 6.3.1. of the personnel policy. The motion was unanimous and carried.
MOTION—Hillary moved and Mark seconded that we approve and adopt the Personnel Policy with the changes. The motion was unanimous and carried.

D. Discuss schedule of policy review

The schedule of policy review (attached) that Anita prepared was reviewed and discussed. Policy assignments were also reviewed.

E. Cataloging demo

It was agreed that the trustees that have not seen a demonstration of the cataloging process for automation will work out times with one of the Library Directors to do so.

F. Discussion: use of substitute hours for training, etc.

Draft Minutes

Attending: Anita Brown, Mark Pensgen, Kimberly Moss, Hillary Sundell, Mary King (Director, Meriden Library)

Absent: Kara Toms

Members of the public: Dennis Girouard, Annamay Chapman

1. Call to Order at 7:01 p.m.
   a. Roll call, introduction of guests, approval of agenda
   b. Approval of Prior Minutes

   3/12/12

   MOTION— Mark moved and Hillary seconded that the minutes be received and approved as submitted. The motion was unanimous and carried.

   c. Correspondence
      Mary reported that there have been several Howard Zea Memorial contributions. Mary has replied to all the donors thanking them for their contributions. We will accept the gifts at the 4/9/12 meeting.

   d. Public Comment [15 minutes]—none

   e. Non-public session announcement—we will go into non public session per RSA 91-A:3, II(c)

2. Reports
   a. Financial

   Mark brought up the concern re: the lack of cash flow between year-end and town meeting. At the next meeting, we will discuss how we want to move to accounting under one treasurer and to one checking account as recommended by Terry Knowles. As we will be having only one treasurer, Mark suggested adding a “Finance Working Group” to our current list of working groups.

   Mark has drafted an appropriation schedule that he will submit to the town.

   Mark also handed out a year-end balance for Meriden. This will be posted on the websites along with the one for PRML.
Mark also went over a draft analysis of appropriations by year to reconstruct the Meriden fund balances. He has double-checked the books and his method of accounting does account for all the gifts we have a record of. Most of the building fund is in a Vanguard account split between both a money market fund and a stock fund. The bulk of the money is in the money market fund. We will need to consult with Terry Knowles to find out if a stock fund is an appropriate vehicle for this money. Mark has asked the town treasurer, Sarah Governo, to go over the draft analysis of appropriations by year to reconstruct the Meriden fund balances with him. She has agreed.

MOTION—Kim moved and Anita seconded that the report be accepted as submitted. The motion was unanimous and carried.

b. Working Groups: --TABLED
   i. Technology
   ii. Personnel/Policy

3. Meriden Library: Detailed Discussion
   a. Director's Report

MOTION—Kim moved and Anita seconded that the report be accepted. The motion was unanimous and carried.

b. Circulation Desk
   A rough estimate for the circulation desk was around $3000 from Home Depot. Mary explained her vision for the desk.

c. The Friends of the Meriden Library
   The steering committee has been meeting monthly on the 1st Monday night.

d. Programming

Mary has started a “Mud Season” reading program for adults. Adults submit a book review and earn an entry for prizes at the Plant Sale at end of April. She would also like to do an adult program in May.

Mark mentioned the idea of doing a program on Kindles as it had been mentioned at the PRML meeting last week. Mary will contact the individual who did the presentation at Howe and coordinate with Nancy so that we could have the presentation at both libraries.

Mary has also mentioned that there are more limitations being put on ebooks or prohibitive pricing.

Mary has applied for a grant “Kids, Books and the Arts”. If the library receives the grant, it would pay for all but $100 of a presenter she has already scheduled. We have received a gift designated for children’s programming so this would cover the cost if the grant does not come through.
Summer Reading Program “Dream Big. Read.” Mary is considering having a night-sky stargazing sleepover. She has already contacted some patrons who would be willing to lend their telescopes.

The Catamount Institute in Vermont has a 12-week program, “Healthy People, Healthy Planet,” that Mary has looked into before. She has had lots of interest, but cannot get commitments from twelve people as is required to have the program. She is coordinating with the Emily Cromwell, the Library Director in Cornish. With the two libraries working together, they do have the twelve people needed to commit. Six sessions will be at Meriden Library and six will be in Cornish.

e. Automation Update

Mary has now trained three volunteers. The training has taken a considerable amount of time. As she and Lori Estey have very little overlap in their schedules, she has been unable to train her before training the volunteers as she had hoped. She is hoping to train Lori this week. Mary is still working out a schedule for her volunteers. One volunteer has requested working while the library is closed. Mary is considering this.

As agreed upon at a Technology meeting with Mark, Kim, Mary and Nancy, books requiring editing of MARC records, books needing the z39.5 search engine to acquire the record, and new books will be the responsibility of staff. All other books will be cataloged by volunteers.

130 books are now in the system!

f. Building/Facilities

Mary has received a bid from a patron that is president of ARC mechanical contractors for air conditioning. Mary will forward the email to all the trustees. We will forward this to the Energy Committee. Kara will respond to the bid and contact the Energy Committee.

Mary’s biggest priority for the space is the reconfiguration of the upper level.

Mark mentioned having the town put in more hard pack on the west side of the building as well as cleaning up the parking lot after the winter. Mary will forward this info to Kara.

i. Review of Personnel Policy (with intention of voting for approval in March/April)
   As noted in the 3/12 meeting:
   
   Bev Widger is rewriting the sections on Vacation and Sick Leave to reflect our current practice.

   Anita and Kim plan to present the final draft of the Personnel Policy in April. The following changes need to be addressed:

   Under Holidays—As President’s Day is not currently listed as a holiday and both libraries do take it as a holiday, we will change the “Floater Day” listed to President’s Day.

   Background check—This is something that NHLTA recommends we do for both employees and volunteers. Bernadina suggested asking if volunteers/employees are approved through another organization. As the expense for this is not currently covered in the budget it was agreed that we would address it at the next review of the Personnel Policy.

   We are working on adding a severe weather policy to the personnel policy. It was agreed that opening/closing the library should be at the LD’s discretion.

j. Scheduling Library Director job evaluations
   As noted in the 3/12 meeting:

   Anita explained that as the job evaluation has not been in place for a year that the job evaluation will be conducted as a performance review and goal setting session for each Library Director. The feedback will not be an official part of their personnel policy as a job evaluation would be.

   Mark and Anita will schedule the performance reviews with each Library Director.

A. Call to Order:   6:30pm

B. Public Comments
   Response to Letter from Diane Rogers read at 2/13/2012 Trustee Meeting

Mark clarified that Diane’s reference to “the first joint session by the trustees” in her 2/13/2012 letter to the trustees was referring to the first joint meeting of the boards of the two libraries prior to the boards merging.

Diane further explained her intentions in writing the letter—that she acted alone, did not intend it to cause harm, and was motivated by a concern over Meriden funds that had ceased to be included in the town reports. Diane suggested that the Library Board of Trustees amend this year’s town report to reflect all encumbrances, accounts and the budget for each library.

Mark first addressed that this issue has been addressed as shown in the public record. He explained that the Meriden BOT started dealing with this issue at the end of the 2010 year. He further explained that the extra funds have been listed in the town report until 2008. Mark did not include these funds in the town report starting in 2009 because he was only thinking he needed to report “P and L”, (profits and loss). Pam Abrahamson said that she prepared the 2008 statement for the 2009 town report and that she the best she knew how.

Mark shared a copy of the email showing that he did contact Terry Knowles, Assistant Director of Charitable Trusts 10/12/10. This discussion was referred to in the Meriden Library 10/18/2010 minutes. Mark read the following from those minutes, “Mark spoke with Terry Knowles regarding library funds. She says to go by whatever the selectboard says. Steve Halleran and the town auditor (Sherry) have given us the okay for keeping any rolled-over funds from previous years.”

Diane was concerned specifically about the building fund. She was reassured by Mark and Pam Abrahamson that the money is still there and has not been expended.

Bev Widger asked how long the funds were not properly encumbered. Mark explained that he has gone back as far as 1990, but it will be more difficult to go back farther. From what he can tell based on the balance it doesn’t appear to go back much farther than that. Mark is finding it
difficult to discern which of the funds in question are from appropriated funds vs. which are from donated funds.

Anita explained that the board of trustees is in the process of setting up an appointment with Terri Knowles, Assistant Director of Charitable Trusts to review the findings and develop a plan of action for any required resolution.

Jesse Stalker asked if these funds were included in the town audit. Mark explained that bank statements from each account that Meriden Library holds were included in every annual audit. Dennis Girouard asked if the BOT would consider doing an additional audit of the books after Mark has gone through the books. Lee Abrahamson did not feel an additional audit was necessary or appropriate. Robert Sundell said that as long as all the funds were included in the annual town audit that an additional audit would not be necessary.

Bernadina summarized that based on our discussion so far it was clear that the board of trustees should include all funds in the town report and monthly treasurer’s report. Bev Widger further asked that it be clear which funds were donated monies vs. appropriated monies. Mark said that he plans to go back and separate the two and would like to review his findings with Bernadina. Bernadina said that once we had a good number we could have Terry Knowles review our findings.

Steve Halleran reported that he spoke with Terry Knowles on Friday (2/24/2012) and his understanding was that the concern was that private monies be separated and not put with town monies.

Judy Durant reported that when she took over the books there were two categories listed—one for contributions and one for building fund and that she may have combined these two categories into one when she took over. She did note that the memo for each deposit should clarify what type it is.

To summarize, the board will take the following actions resolve this issue:

- an accounting of all public and privately sourced funds will be done with the best available data
- members of the board will meet with Terry Knowles to review the findings and develop a plan of action for any required resolution
- the board will include balance sheets in future financial reports
- the board will include in a future public meeting a report on the steps indicated above
